

## **MEDNETA MAIN EXPECTED RESULTS**

MEDNETA aims to achieve the following results main expected results:

- 1) Create of sustainable urban strategies and pilot projects for the socio-economic revitalization of historic cities, including programs for the regeneration of ACDs.
- 2) Create new permanent forms of cross-border cultural and economic cooperation and networking in the ACDs among participating localities.
- 3) Produce innovation through development of synergies, exchange of best practices, transfer of knowhow and infusion of new technology.
- 4) Deliver a Mediterranean ACDs Lab network as an open virtual lab of multicultural dialogue and a MEDNETA observatory to monitor the ACDs Lab-net functioning.
